

Reading Share-a-session

Thank you to all of our grown ups, who came in to watch a Guided Reading lesson. We looked at the poem 'My Shadow' by Robert Stevenson. We identified key features of a poem e.g. rhyming couplets and stanzas. We then unpicked the poem to try to work out what it meant by asking questions such as: what does this word mean? Where is it located?

Finally, we looked at unfamiliar words such as: notion, coward and arrant and discussed what we thought these might mean before looking up their definitions in a dictionary and sharing them.

Our adults really enjoyed helping us with our annotations and we loved having them there!
