

What a fantastic first half term 2CH have had! A huge well done to you all. Not only have you got used to our new routines but you are conquering our lessons!

The writing inspired from our book by Oliver Jeffrey's, Lost and Found has been amazing. Stories, descriptions, non-fiction reports and lost posters all focusing on our targets of capital letters, full stops, adjectives and conjunctions.

In Maths, we have learnt about the place value of a number, bonds and our addition and subtraction methods.

The knowledge we have learnt from Topic has been so impressive. From continents and oceans to all about Captain Robert Scott and Roald Amderson racing across Antarctica to the South Pole.

And finally topped off by our trip to Dudley Zoo where we saw animals like penguins, tigers, camels and lions. What a brilliant day linking our learning from Science and our Writing.
